Re: Order No. R9-2003-76, An Order Rescinding Order No. 95-123, Waste Discharge Requirements for Teledyne Ryan Aeronautical Dredge and Fill Activities, Convair Lagoon Capping Project, San Diego County

Dear Mr. Walton:

Enclosed for your review and comment is Tentative Order No. R9-2003-76, *An Order Rescinding Order No. 95-123, Waste Discharge Requirements for Teledyne Ryan Aeronautical Dredge and Fill Activities, Convair Lagoon Capping Project, San Diego County*. Order No. 95-123 regulates the construction of the sand cap in Convair Lagoon. By letter dated June 20, 1998, Teledyne Ryan Aeronautical notified the Regional Board that the construction of the sand cap in Convair Lagoon was complete. It is our understanding that Teledyne Ryan Aeronautical no longer exists and that TDY Industries is now responsible for the sand cap in Convair Lagoon.

The Regional Board will consider adoption of this tentative order at its March 12, 2003 Regional Board meeting. The March 12, 2003 Regional Board meeting will be open to public participation and will begin promptly at 9:00 and the following address:

San Diego Regional Water Quality Control Board Office
9174 Sky Park Court, Suite 100
San Diego, California

Please review the tentative order and submit any written comments no later than February 21, 2003, so that your comments and staff responses can be provided to the Regional Board members prior to the day of the meeting. You and/or someone from your staff are encouraged to be present at the Regional Board meeting in the event your participation is needed.

California Environmental Protection Agency

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at <http://www.swrcb.ca.gov>.
